3. Complete the Homework independently with parental guidance as needed.
4. Must Complete the Holiday Homework within the Holiday period with specific deadlines and submit by July 1,2025.
5. Students Must spend time reviewing the content covered in class to reinforce learning regarding TEST SERIES-1 SYLLABUS.

Section A -Reading

Q1.Read the following passages and answer the questions that follow:

(A)The diverse culture in India has had a very positive impact on its rich tradition of folk arts. Various tribes that live in the interiors of various states practise their distinct arts. One such art form is Warli. This beautiful folk art of Maharashtra was traditionally created by tribal women. This art takes its name from Warli, the largest tribe found on the northern outskirts of Mumbai. Although they live in close proximity of the largest metropolis in India, the Warli tribesmen shun all influences of modern urbanization. This art was first discovered in the early seventies but according to some art critics, its roots may be traced to as early as the 10th century A.D. This art expresses the daily and social events of the Warli tribe. This was once the only way to transmit culture when people had not learnt the written word. Hence, one can see pictures of human beings engaged in activities like hunting, dancing, sowing and harvesting, along with scenes from daily life. These tribal people draw these designs with white paint on the mud walls of their house. They use basic materials for painting like rice paste with water and gum for white and a bamboo stick that has been chewed on that serves as a brush.

a)Where did Warli art originate?
  b)What pictures did older Warli art depict?
  c) What was the canvas used to draw?
  d)How did Warli tribals make their paint and brush?
 e)Which word from the passage is opposite of 'ancient'?

Section B(Writing,)

Q2 The Prime Sports, Sector 7, Chandigarh has advertised a clearance sale on sports goods – tennis balls, basket balls, cricket gloves, pads and shuttle cocks. Being the sports in-charge at Mahaveer public School, Chandigarh, place an order for the said items.

15. Rohan observes the following while doing an experiment

Solution	P	Q	R	S
Blue litmus	Red	Deep red	No change	Mauve
Red litmus	No change	No change	Blue	Mauve

a. Which of these is strongly acidic and basic?

b. Which two solutions will react to show neutralisation reaction?

16. Compare the flora of Manipur and Haryana in reference to different autotrophic, saprotrophic, parasitic and insectivorous plant. Illustrate with pictures. (Use A4 size sheet for ques 16)

Modern Public School, Sec-37 Fbd
Holidays Homework
Class - VII
Subject - Maths

1. Find:
(i) Product of (-3) x 5 x (-2)
(ii) Value of   -2560÷(-32)

2. Find the product using property also name the property used:
(1) 27 x (-8) + 27x(-10)
(1 ii) -18×(-7) + (-18) x 3

3. Find X:
(i) 3x [(-6)+X] = 3x(-6) + 3×10
(ii) 8x[(-7)+(-5)] = Xx(-7) + Xx(-5)

4. Answering the followings:
(i) Which integer is called zero identity?
(ii) Which integer is called multiplicative identity?
(iii) Which integer can't be a divisor?
(iv) Which numbers are equal to their   reciprocal (multiplicative Inverse)?

5. Ramesh deposited ₹5000 in his bank on Tuesday and withdraw ₹ 2500 on Wednesday. Next day, he again deposited ₹1500. What was his balance on Thursday?

6. Simplify: 3/7×49/54÷28

7 Express -2/3 as a rational number with
(1) numerator as -18
(ii) denominator as 12

8. Arrange -7/8, -5/6, -3/4 in ascending order.

9. What should be added to (2/3+3/5) to get -2/5?

10. Activity: Assume a circle as Pizza and cut it into equal 6 slices/parts. If your farther ate 3 slices, your mother ate 2 slices and you ate the remaining slice.Answer the following questions:
(i)Write the quantity eaten by each of you in fraction.
(ii)Add all the fraction.

11. Write formula of the following: (i) Range of data
(ii) Class marks
(iii) Mean of data

(iv) Class size/width

12. Following is the distribution of marks of 40 students:

Class	0–5	5–10	10–15	15–20	20–25	25–30	30–35	35–40
No. of students	4	3	1	6	10	5	8	3

The class size of th

(i) What is lower limit of second class?
(ii) What is upper limit of fourth class?
(iii) What is class marks of third class?
(iv) What is class mark of fifth class?
(v) What is the class size of above   distribution.

13 Find mean, median and mode of the following data:
 2, 5, 6,11, 30, 6, 5, 5, 6, 2, 6, 11, 6

14. Activity

Observe the daily schedule of you and your best friend.

COLLABORATION

Activity	You	Your Best Friend
School		
Sleeping		
Playing		
Watching TV		
Studying		

(i) Draw a bar graph of above data.
(ii)Who sleeps more and by how much?
(iii)Who spends more time in playing?
(iv) Who is studying less?
(v) According to you who has a better schedule?

15. Check whether the value given in the brackets is a solution to the given equation or not:
(i) 7n-5=16 (n=-3)   (ii)6y-11=2(y=2)

16.Write the equations for the following statements:
(i) Two-third of a number x minus 2 gives 5
(ii) If you take away 3 from 3 times Z, you   get 40.

17.Solve the following equations:

(i)3p/7=6   (ii)5y-12=-37

(iii)4n=11/3+7   (iv)0=16+8(m-6)

18.Set up equations and solve them:

(i)Darshit thinks of a number.If he takes away 7 from 5/2 of the number, the result is 23.

(ii)If a number is multiplied by 6 and 7/5 is added to the product, the result is -83/5.

(iii) In an isosceles triangle the base angles are equal. The vertex angle is 50^0 degree. What are the base angles of the triangle?

(iv)The length of a rectangular field is twice its breadth.If the perimeter of the field is 228m.Find the dimensions of the field.
